Got a friend's old HTC Wildfire, locked to the 'Three network' in the UK. Entered the phone's IMEI number, paid my \$9.99 (£6.43) via PayPal and got the unlock code within 15 minutes. Entered the code and it worked perfectly. (The phone now has my Virgin SIM in and works perfectly). Great service and I wouldn't hesitate in recommending, especially as it can be hard to know which site is genuine.
